TIME	SESSION
9.00am	<p>Keynote 7 Matthew Jackson, Head of Casualty Underwriting, Asia, Liberty International Underwriters Pricing and Profitability throughout APAC Matthew will discuss current insurance market pressures and compare these pressures with previous market cycles. Managing the insurance cycle is not an easy thing for any participant in the insurance market but there are some lessons learnt which will be shared with the attendees.</p>
9.40am	<p>Keynote 8 Ashish Jain, VP&MD AIR Worldwide, A Verrisk Analytics Business The Protection Gap Asia has growing populations, growing asset values and is prone to natural disasters and other global risks yet remains staggeringly underinsured. What product development is currently underway and what future prospects exist.</p>
10.20am	<p>Keynote 9 Short and Sharp Neil Campbell, QC, Barrister, Auckland. "Inherent Vice" exceptions to cover. How does the fundamental instability of a product affect insurability and cover?</p>
10.40am	<p>Keynote 10 Short and Sharp David Piesse, Guardtime Blockchain – the method, the myths and the maths David Piesse, a world renowned blockchain and technology specialist, will talk us through what blockchain does, how it does it, and why it will revolutionise e-commerce. He will present a very practical session to help insurance luddites and experts alike get their minds around this developing technology. In David's role at Guardtime and with a range of partners, including EY and global shipping company Møller- Maersk, he has developed a world-first marine insurance blockchain platform which launches early next year.</p>
11.00am	Morning Tea and networking
11.30am	<p>Keynote 11 Managing Business Interruption following a Cyber Attack - Phil Taylor (MDD) and Nick Sykes (Clyde) Cyber-attacks have the potential of disrupting businesses and their supply chains on a global basis. Whilst the effects of business interruption (BI) may be more apparent and historically modelled in a property insurance context, how are cyber risk policies addressing and insuring BI risks? Coverage varies and in this session we will consider examples of policy wordings and identify, with the assistance of illustrative calculations, the practical and monetary effects of those wordings. At the conclusion of the session, delegates should have a better understanding of the grey-areas and black holes of cyber BI coverage.</p>
12.10am	<p>Keynote 12 Managing Litigation Risks in the USA Meryl Liebermann, Partner, Traub Lieberman Straus & Shrewsberry Meryl will lead us through the current litigation risks in the USA and how underwriters and claims can best prepare.</p>
